

Gifts that Give

Because the majority of St. Jude funding comes from generous donors, St. Jude has the freedom to focus on what matters most – saving kids regardless of their financial situation. Every dollar makes a difference.

- \$500** Help provide one platelet transfusion: During chemotherapy, the platelet count of patients can drop to dangerously low levels so platelet transfusions are essential for treatment.

- \$1000** Help cover about two-thirds of the cost of one day of chemotherapy: Treatments invented at St. Jude have helped push the overall survival rate for childhood cancers from 20 percent when the hospital opened in 1962 to more than 80 percent today.
